

damaged screw & bolt remover

This is the world's first all in one damaged screw and bolt remover.

Dottie's Grabit Kit is a must for all Professionals; it will handle screws too numerous to list, fasteners and broken bolts.

This product really does set itself apart from anything on the market.

Removes damaged screws and bolts cleanly from:

- Metal
- Wood
- Plastic

Each **Grabit Kit** is supplied with two extractors; each is made of high quality hardened steel and will retrieve a wide range of screw sizes.

Dottie GRABIT

Grabit is made from
HARDENED TOOL STEEL
